

Now You Can Knit Like an Expert!!!

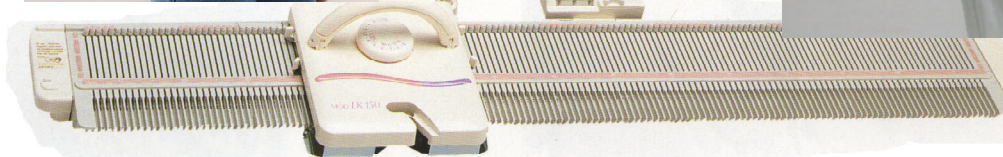

SILVER REED

Knitting Systems

LK 150

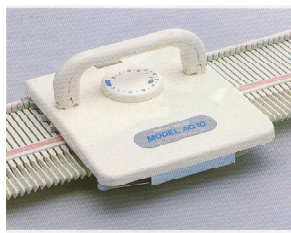

The LK 150 is really the knitting machine that keeps you in stitches for all the year round.

This machine is extremely light weight and compact making it easy to carry and store, and on top of that its specially designed roller-capped latch needle ensures smooth and quiet operation.

Open new possibilities in home knitting..

The LK 150, for its simplicity in design and ease of use, will assure you fun and pleasure in knitwear with all sorts of interesting patterns. With 150 needles, and because it handles wide range of yarns from medium to super thick yarns, you can make knitwear for the full four seasons of the year.

Optional Intarsia Carriage AG 10

This useful option helps you to make all sorts of exciting designs with ease. It is ideally suited to producing fashionable intarsia patterns without floating yarns on the back of your knitting.
